To Whom It May Concern:

The Plum Boro School District contracted ProGrass to replace our existing artificial turf field in the in the early summer of 2010. We had a very tight window to get the project completed. The project was finished according to schedule and under budget, and we were pleased with the process from start to completion.

The attention to every detail of the project was very impressive. We worked very closely with our ProGrass representative, Chris Schneider, throughout the process. We were afforded the opportunity to provide input into all of the details in planning how the field would look, and as a result there were no surprises when the project was completed. We are very pleased with the final product and would not change anything.

We have experienced no issues with our field, however, if we do, I am confident that ProGrass will be very responsive in addressing any problems.

If anyone has questions or would like to visit our field, please contact me at 412 798-6318,

Sincerely,

Robert Alpino  
Athletic Director  
Plum Senior High School

MISSION STATEMENT

Plum Borough School District, a large, growing suburban area, in partnership with students, parents and community, will strive to achieve excellence in education by preparing all students to take their place in the diverse and changing world of the 21<sup>st</sup> century. The District will provide a safe and stimulating environment that will promote and support critical thinking and life-long learning.
