G. Aaron Klotz, Regional Sales Manager  
Pro Grass  
960 Penn Avenue, 8<sup>th</sup> Floor  
Pittsburgh, PA 15222

Dear Aaron,

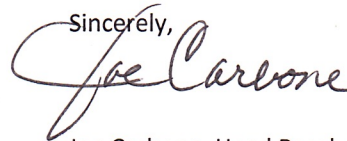

John Kotowski and I would like to thank you for the assistance of Pro Grass on our recent improvement project at the William Toadvine Pitching Development Center. The addition of Pro Grass to the Toadvine Center has made the facility safer and allows our athletes to utilize it many more months each year.

You and your technical staff helped us and our contractors better understand the requirements of your grass product and put together a cost effective solution for our all-weather pitching center at Wren Stadium. Without your help, discussions with the excavator, the University's grounds crew, the maintenance staff and the athletics facility staff, this project would never have happened. No other artificial grass company had the interest or was willing to devote the time to help us move this project from concept to reality.

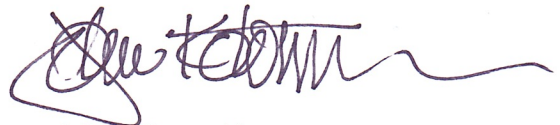

Your installation staff came in, quickly performed their work, protected surrounding surfaces, minimized their impact on the grounds around the facility, and were very accommodating fitting into a very tight window for the work.

Aaron, thank you for everything you and Pro Grass did to make the project happen, and one of the best facilities in the Midwest. If either of us can provide a recommendation or talk with a potential customer about our experience, feel free to contact us.

Sincerely,

Joe Carbone, Head Baseball Coach

John K. Kotowski  
Former Associate Vice President  
for Facilities
